To Whom It May Concern:

I am writing to tell you how important K-LOVE radio is to me. I recently received a letter regarding the expansion of Low Power FM (LPFM). It concerns me that this may affect my favorite station, one which I also donate to every month. With so much garbage out there, both on television and on the radio waves, it is invaluable to my husband and I that we to have a positive influence we can turn on in the car every day. We drive about 45 minutes each way to work and like to have something meaningful to listen to. When I listen to K-LOVE, it improves my outlook and uplifts my day. They provide such an important service to the community with their music and prayer support, it would be such a shame to have that jeopardized for a LPFM station to take a priority over their translator. I ask that you would please take into consideration the loyal listeners you would be affecting with this expansion.

Thank you,
